SNOWS OF KILIMANJARO

SET GROUP DEPARTURES. ASCEND UP THE MORE REMOTE RONGAI ROUTE

Rising 5896 meters high, snow capped and wreathed in veils of clouds, stands Mt. Kilimanjaro, the highest mountain in Africa and the highest free standing mountain in the world.

The Rongai route starts just south of the Kenya/Tanzania border and is one of the quieter routes of Kilimanjaro. It is also renowned for having the easiest ascent and considered more beautiful than the Marangu main trail. The Rongai route begins in delightful forest, with the possibility of wildlife viewing. It passes through several different climate zones, adding considerably to the interest of the trek.

We also add an extra day to the standard five-day itinerary to ensure maximum acclimatization and allowing ourselves the best possible chance to enjoy the magnificent scenery. This route retains a sense of unspoilt wilderness.
